ABOUT

The Grandeur Hotel

The word "Grandeur" comes from the Old French word "grandor," which means greatness or magnificence. It was later adopted into English and has been used to describe the impressive quality or magnificence of things, including boats. In the context of boats, grandeur refers to the overall size, design, and luxurious features of the vessel, and is used to describe the impressive and prestigious qualities that set it apart from other boats.

The Grandeur Hotel was designed with a vision of luxury and sophistication. Inspired by the sleek, modern form of a luxurious yacht, the hotel's unique design resembles the shape of a boat, making it stand out in its surroundings.

Each room in the Grandeur Hotel offers guests spacious layouts, balconies, and breath-taking views of the sea and the lush greenery of Batumi Boulevard, providing an unforgettable and relaxing experience.
